With every cash purchase made on Friday, the 13th, 1913, a sales check will be issued, each check being numbered consecutively. Those holding numbers which are divisible by 13 will be the lucky ones.

Aside from the date, so many combinations of 13 appear in connection with this company that we have come to the conclusion that that much maligned number IS lucky. There are 13 letters in the name of the company (S-T-R-A-U-S C-I-G-A-R-C-O-13); 13 letters in the name of the senior member of the firm (O-H-A-S-E, S-T-R-A-U-S, J.R.,—13); 13 appears in the address (9-2-2—13) and (9-2-2 E-A-S-T M-A-I-N S-T.—13), and finally 13 appears in the telephone number (1-3-4-5—13). Everything considered, 13 positively IS LUCKY. Come in tomorrow and see if it's not.

## DR. LAURO MILLER SPENDS BUSY DAY

From Early in Morning Until Late at Night He Is Kept on Go.

DINNER GIVEN BY BRYAN To-Day He Goes to Annapolis, and Will Be Guest of Secretary Garrison.

Washington, D. C., June 12.—A state dinner to-night by Secretary Bryan to Dr. Lauro Miller, the Brazilian Minister of Foreign Affairs, here on a special mission, closed a busy day of entertainment and sightseeing for the visitor.

The program included an inspection of how the United States manufactures fourteen-inch guns for the navy at the government arsenal here, a Pan-American union luncheon, and visits to the Capitol and Congressional Library.

In the Senate chamber, the Senate not being in session, Dr. Miller left his card at the desk of Senator Root, whose visit to Brazil in 1906, as Secretary of State, he is reporting.

Guests at the dinner to-night included Ambassadors Jusserand, of France, and Dagama, of Brazil; Secretaries McAdoo, Daniels, Lane, Redfield and Wilson; Senators Root, Bacon, Simmons and Simpson; Representatives Underwood, Flood and Bartholdt; Justice Day, of the Supreme Court; John Russell Moore, counselor of the State Department; Assistant Secretaries Osborne and Malone; John Barrett and the members of Dr. Miller's party.

To-morrow the party will be taken to Annapolis, and Secretary Garrison will give a dinner in their honor at night.

Dr. Miller to-day spent a busy twelve hours. Almost before he was thoroughly awake he was waited on by a committee of navy officers who were to take him on an inspection trip of the Washington Navy Yard.

"This is a rapid-fire country," said Dr. Miller, as he emerged from his house. Government automobiles were awaiting to take the party to the yards. The visit, however, was designed to be somewhat brief, for the distinguished visitor was due at a luncheon at the Pan-American Bureau shortly after noon, followed by visits to the Capitol, the Library of Congress and a score of public buildings later.

Dr. Miller talked with callers about the immigration of Japanese to Brazil. "Some thousands of Japanese are

coming into Sao Paulo, but it is not true that colonization agreements have been entered into between Japan and Brazil as governments," he said.

"In Brazil we are in the same position your California was in fifty years ago. We need population. The lands in Sao Paulo State, into which Japanese are coming, are low, very good for the production of rice, but the people of Brazil will not go into them. We have not encouraged the Japanese to emigrate to our country. For years we have subsidized immigration, but never the immigration of Japanese."

Fredericksburg, Va., June 12.—The Dramatic Club of Fredericksburg High School gave an opera, "The Captain of Plymouth," at the Opera House to-night before a large and enthusiastic audience. ## THREAT OF SPLIT COMES TO NAUGHT

Chicago Delegation Satisfied With Election of Member to Board.

[Special to The Times-Dispatch.] Baltimore, Md., June 12.—The threatened split in the ranks of the Associated Advertising Clubs of America came to naught to-day, when A. E. Chamberlain, of the Chicago Advertising Association, was elected to a position on the executive committee without opposition.

The Chicago delegation was elated at this outcome of its campaign, for it believed that Mr. Chamberlain's presence on the committee will secure it from what it has called the "steamroller" tactics of the committee, which arranged the present convention.

With Mr. Chamberlain on the board Chicago will be able to make its fight for the 1915 convention from the inside. San Franciscoans, satisfied with the election of William Woodhead to the presidency, made no effort to put a man on the board. The member from the Pacific Coast will be John Renfrew, of Los Angeles.

The following awards were made this afternoon: William Woodhead, prize to the Town Criers' Club, of Waterloo, Iowa, which brought the largest number of women to the convention.

The Baltimore "silver globe" was given to the Advertising League of New York.

The Seattle delegation presented the Baltimore Club through President Shealy, a real Indian totem pole carved by the Alaskan redskins.

President Coleman was the recipient of a silver cup three feet high, the gift of all the clubs and a few outsiders as well.

The entertainment this afternoon consisted of a lacrosse game at Home-wood field between Johns Hopkins and Toronto, the Canadians winning by a score of 4 to 3. To-night a King Cole carnival was held in the armory, followed by a reception to the president and a dance. The convention will end to-morrow.

Pedigreed English Stock for Farms.

Washington, June 12.—Westmoreland Davis, of Leesburg, Va., will shortly add a horned Somersetshire ram, and a boar from Huntington, England, to the pedigreed stock he has on his farm over in Virginia. The animals were brought over on the steamship Veda-

## CADETS RECEIVE THEIR DIPLOMAS

Graduation Address at Academy Is Made by Secretary of War.

[Special to The Times-Dispatch.] West Point, N. Y., June 12.—The June exercises were brought to a conclusion to-day by the graduation of the first class. Ninety-three cadets received their diplomas. Ninety-two of them will get commissions as second lieutenants in the army. One other is a foreigner, Demitrio Del Castillo, Jr., who hails from Cuba. Castillo will return to Cuba well equipped for a military career. He graduated high, being number eleven in the class.

The exercises to-day were held in the shadow of the big battle monument on Trophy Point. A big crowd witnessed the ceremonies. The Secretary of War, Hon. Lindley M. Garrison, made the graduation address. It was short, but filled with words of wisdom. Secretary Garrison outlined in detail the responsibilities and duties resting upon the newly-made officers, and made a plea for justice, kindness and consideration for the enlisted man, who, he said, was the backbone of the army.

General Horatio G. Gilson, who graduated from West Point sixty-six years ago, spoke to the class in a reminiscent vein. The diplomas were delivered to the graduates by the superintendent of the academy, Colonel Clarence P. Townley.

Cadet Francis K. Newcomer, of Pennsylvania, was No. 1. Cadet Francis J. Toohy, of Michigan, was the class "goat." He got the biggest ovation when he went forward to get his diploma, and the superintendent favored him with an extra word of encouragement and congratulations.

The graduates took the noon train to New York, being joined by the members of the furlough class, who went on leave to-day until August 28.

To-morrow the battalion moves into

## Again the Wonderful Powers Are Shown

Another 60 Foot Monster Tapeworm Expelled, Head and All Complete. And Can Be Seen Free to All Who Call at Tragle's Drug Store. Quaker Did It.

Mr. Charles A. Felvey, Jr., aged 23 years, who resides at 1625 North Twenty-third Street, Richmond, Va., employed as a fireman on C. & O. R. R., has been suffering for the past two years with a tape worm. He was restless at night and would have terrible dreams, and such awful pains in the stomach. On finding out that he had a tape worm, went through a treatment at home, but got only a portion of it, and in a short time it caused him the same trouble again. Then he went and was treated twice for it, each time in what was considered the best hospital in the State; but each time getting the same results, only expelling a portion of the worm, the last time being in March, 1913. He then came from the hospital and worked until about two weeks ago; then became in such a weak condition that he was unable to work. He was advised by friends to try the Quaker Remedies. He did so, and in four days expelled a

tape worm 60 feet long, head and all complete, without starvation or dieting in the least, and the very first night after the worm was expelled, slept better than he had for two years, and is feeling better in general. The pains are all gone and he is feeling fine.

"I make this statement of my own free will and accord, and feel that I am indebted to the Quakers for what the Quaker Herb Extract has done for me. They are right when they say their remedies reach the cause of the trouble and relieve the system of it, for it has done it in my case—something that I have been dependent over for the last two years, and was about to give up my job, as I knew that I could not hold it in the condition I was in. I shall never forget what that medicine has done for me, and it is one that I can recommend to my fellow man with all my heart, and truly believe Quaker Extract and Oil of Balm will cure when all others have failed."

Gray, the Quaker Health Teacher, says this is only one more of many thousands who are living testimonials to tell the world what a wonderful medicine the Quaker Remedies are. Gray, the Health Teacher, is still at Tragle's Drug Store, and invites every person suffering with stomach trouble, catarrh in any form, kidney, liver, bladder or blood trouble, indigestion, dyspepsia, constipation to call and have a talk. It costs nothing. You don't have to buy. Hear the people, see the people who have used Quaker Extract and Oil of Balm, the praises they have to offer. Call to-day. If you can't call order by mail, and on receipt of price they will be sent you by express, charges prepaid on \$3.00 orders or over. Quaker Herb Extract, full treatment, 6 bottles, \$5.00, now 3 for \$2.50 and 1 for \$1.00; Oil of Balm, for all pain, 50c or 5 for \$2.00. Remember the place, Tragle Drug Company.
